

1.0L Water Purifier

INSTANT, PURIFIED
HOT WATER

CLIMATE[®]
PURE

Sustainable Guest Hydration.

Transform Guest Room
Water into Pure, Healthy,
Unlimited Drinking
Water in Seconds.

1.0L Water Purifier

Complete purification, rapid heating, and precise temperature adjustment—all in just 3 seconds. Enjoy fresh, clean water at your fingertips!

INSTANTLY HOT. ALWAYS PURE.

Our 1 litre water purifier produces drinking water at 85°C–98°C for tea, coffee, and hot drinks. It can also produce room-temperature (16°C–21°C) drinking water. As the machine purifies and filters water straight from the tap, guests have access to an unlimited supply of pure, fresh drinking water.

With innovative technologies like those integrated into CLIMATE's water filters, you can access a continuous supply of safe drinking water.

Z1 SHIELD MASTER

5 Stage Purification System

Anti-Bacterial Ultra Filter -

Bacterial Intercept Rate >99.99%

2 Layer Composite Activated Carbon Filter -

Chlorine Carbon Block Technology
Removes Volatile Organic Compounds & Chlorine

UV-C Automatic Sterilization -

Sterilized Water. Every Drop

Anti-Bacterial Dispensing Pipes

Reduces Limescale - Softens Hard Water Softer, Better Tasting Water

Energy-saving and Efficient 3s Instant Boil Consumes up to 60x less power than kettles

Uses instant heating technology with spiral 360° surround for 3–5 secs to boiling – delivers water instantly at multiple temperature settings

Countertop Water Purifier with water filter & instant heater

User Friendly Controller & Dispenser

Get Fresh Hot Water in Seconds

Installation Free, can be placed anywhere - No Plumbing. No Pipes

Can be used in different locations, not restricted by water sources and positions. Liable water tank, independent of source and placement, suitable for anywhere.

User Friendly Controller & Dispense

Customize water temperature – 5-stage temperature control with rotary knob – 25°C–98°C adjustable as desired.

Press to dispense 200ml – Press Stop for less.

Low Standby Power – 0.5W

Integrates the latest in intelligent eco-friendly technology. Combining energy efficiency with powerful performance.

BPA-free

All parts that come into contact with water are made from BPA-free materials.

- ♠ Anti-Bacterial Dispense Pipes
- ♠ Hygienic 304 Stainless Steel Pipes
- ♠ One-click self-cleaning
- ♠ Easy filter Replacement System
- ♠ Detachable and washable drip tray
- ♠ Safety lock for all temperature
- ♠ Water shortage indicator
- ♠ Clean, minimalist and stylish design
- ♠ Temperature Indicator
- ♠ Unlimited Purifier Water
- ♠ Suitable for Municipal Tap Water Supply

Clean, Minimalist and Stylish Design

Detachable and Washable Drip Tray

ON/OFF Switch

Pioneering Purification

Reduced Limescale - Better Taste

Innovative Technology

Eliminates Contaminants in Tap Water

Secures Minerals Most Filters Eliminates

Destroys Bacteria Commonly Present in Filter Jugs

Distinct from Bottled Water, Free of Microplastics

Avoid Scaley Kettles

Z1 SHIELD MASTER

Z1 SHIELD MASTER

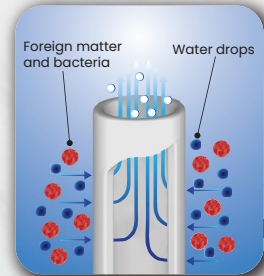

Reduces Limescale - Softens Hard Water

Softer, Better Tasting Water

Composite Activated Carbon Filter

Filter Replacement Total Lifespan 500L
(Replacement Filter Model No: CP60902)

Carbon Block Technology - Reduces chlorine, humus, disinfectants, toner, odour, colour, VOCs (volatile organic compounds), heavy metals, microorganisms and provides better taste.

**OPTIONAL FILTER:
Z2 SHIELD PRO**

Reduces limescale deposits from forming on internal parts in regions with hard water

Enhanced Limescale Inhibitor - Scale Free Water

Softer, Better Tasting Water

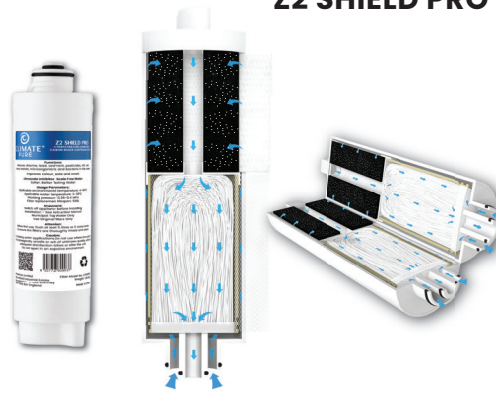

Composite Activated Carbon Filter

Filter Replacement Total Lifespan 500L
(Replacement Filter Model No: CP60903)

Reduces chlorine, lead, sediment, pesticides, silt, rust, heavy metals, microorganisms and bacteria in the water.

Improves colour, taste and smell.

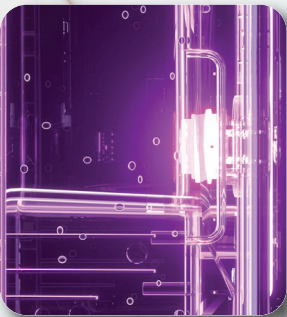

Z2 SHIELD PRO

Anti-Bacterial Ultra Filter

Bacterial Intercept Rate >99.99%

Purifies residual chlorine, sediment, pesticide chemicals, silt, rust, sand; removes the particles impurities, colloids, odour and dust in the water.

**UV-C Automatic Sterilization
Sterilized Water. Every Drop.**

Our LED UV-C system offers the perfect sterilization protection against water contaminated by germs, bacteria & fungi

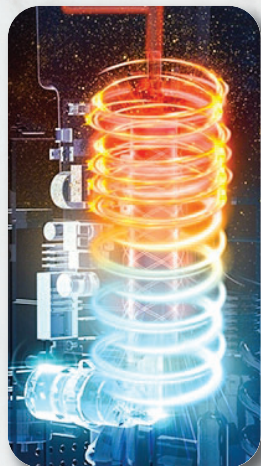

1. Instant Heat
2. UV
3. Z1 SHIELD MASTER / Z2 SHIELD PRO (OPTIONAL)
4. Sterile Water Tank

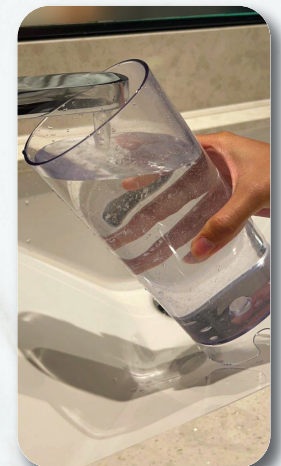

Security Filter - Isolated from Water Tank

(No Contamination Mix from Water Tank Filters)
Prevents bacteria build-up found in tank/jug filters

Instant Heating Technology
Spiral 360° Surround

Fill Directly from Municipal Tap Water
(No Contamination Mix from Water Tank Filters)

Filter Specifications

Product Name	Z1 SHIELD MASTER	Z2 SHIELD PRO (OPTIONAL)
Product Colour	White	White
Filter Replacement Lifespan	500L	500L
Filter Material	Carbon Block/ Ultra-Filter Membrane	Carbon Block/ Ultra-Filter Membrane / Limescale Inhibitor
Product Size	D50 x L180mm	D50 x L180mm
Product Weight	139g	139g
Replacement Filter Model No	CP60902	CP60903

Purification System

Energy Saving

Instant Heat

No Microplastics

Why Climate Pure?

Benefit Everyone. Committed To Clean Water.

At Climate Pure, we believe in purifying drinking water to protect the Earth. Our focus is on removing impurities while preserving essential minerals.

Through cutting-edge filtration technology and ultra-pure water purification principles, we have developed some of the most advanced water purification appliances available today—truly a fusion of SCIENCE and APPLIANCE.

Mission & Vision

Making A Difference, One Drop at a Time

As a dedicated water filtration company, Climate Pure harness science, technology, and talent to ensure clean drinking water from mains supply. Our goal is to positively impact the health of 2.5 billion people by the end of the decade.

At CLIMATE, our mission is to enhance the well-being of all by optimizing our most vital resource: water. Our purifiers convert local tap water into premium drinking water, significantly alleviating the environmental impact of plastic waste and bottled water transportation. By eliminating impurities from tap water, we promote a new standard of hospitality in an era where environmental and health awareness are increasingly important.

We are committed to accountability and sustainable energy, aiming for a lasting impact on our world.

“Water Is The Life Force Of Our Planet—It’s The Core of Climate. Water Defines Our Mission.”

History

Where Science Meets Innovation

CLIMATE emerged from a visionary commitment to combat plastic waste and champion pure hydration. Our dedicated team features leading scientists from prestigious institutions, including Imperial College London and Cambridge University, specializing in Materials Science, Chemistry, and Physics.

In partnership with Emberton Electrical, a pioneer in high-quality commercial appliances for over 35 years, we fuse scientific brilliance with engineering prowess. Together, we’re revolutionizing the development of innovative, state-of-the-art water purifiers that make a profound impact on both health and the environment.

Guests Welcome Our Water Purifiers

Climate Pure is synonymous with trust and quality for purified drinking water, setting us apart from typical hotel equipment.

We provide creative in-room materials to gently encourage guests to embrace reduction in bottled water and welcome CLIMATE PURE water purifiers.

With Climate Pure, guests will feel assured and excited to choose our innovative water purifiers to benefit sustainability.

Specifications

Product Name	1.0L Water Purifier
Power	2000-2400W, AC220-240, 50-60Hz
Product Material	ABS
Product Colour	Matt Black
Cable Length	80cm
Water Tank Capacity	1.0L
Water Source	Suitable for Municipal Tap Water Only
5 Temperature	25°C, 60°C, 70°C, 85°C, 98°C
Product Size	405 x 100 x 263mm
Product Weight	2.1kg
Certification	CE, CB, UKCA, REACH & RoHS Approved
Main Unit Model No (Includes 1 Filter)	CP60898 - EU PLUG CP60899 - UK PLUG
